

## RCG/CPM's Response to the Coronavirus (COVID-19) COVID RESIDENT UPDATE – August 2021

### COVID RESIDENT UPDATE

Below are notices pertaining to how RCG/CPM are choosing to address the pandemic going forward. Additional information can be found online at <https://www.governor.ny.gov/>

- **Masks are Required for both Vaccinated and Unvaccinated Residents and Staff in Common Areas** – Given the recent spike in confirmed cases, and the percentage of those cases being from fully vaccinated individuals, we are requiring all residents and staff, regardless of vaccination status to wear a mask while using common areas.
- **Full Reopening of Common Areas** – Property common areas and community rooms will remain open without capacity restriction.
- **COVID-19 Vaccinations** - We continue to encourage all eligible staff and residents to get vaccinated.
- **Request to Keep Site Staff Informed** – We ask that anyone who has recently developed symptoms of or tested positive for COVID-19 quarantine for 10 days and inform the management office.
- **Work Orders and Maintenance** – If you have been exposed to COVID-19 or are displaying symptoms of the virus, we will need to reschedule any non-emergency maintenance work orders until everyone in your household is well and have completed mandated quarantine periods.
- **Cleaning and Sanitation** - Our staff is working hard to keep our buildings clean. We will continue disinfecting door handles and high traffic areas regularly.

Thank you for your cooperation in keeping our community safe.
